20 <title>Jesse Phea's HTML Tags Demo</title>
21 <script src="modernizr-1.5.js"></script>
22 <style type="text/css">
```

For this screenshot, I added to the beginning comment for the **demo_html.html** page:

"Edited by: Jesse Phea

Edited date: 1/27/2021"

I also added to the title tag my name which looks like this:

"<title>Jesse Phea's HTML Tags Demo</title>"

```
Welcome demo_characters.html demo_html.html X

82
83 <body>
84 |   <h1>Jesse Phea</h1>
85   <form id="tagform" name="tagform">
86   <div id="demo_page">
```

For this screenshot, I added the h1 tag to the body for the document **demo_html.html**:

"<h1>Jesse Phea</h1>"

20 <title>Jesse Phea's HTML Character Codes Demo</title>
21
```

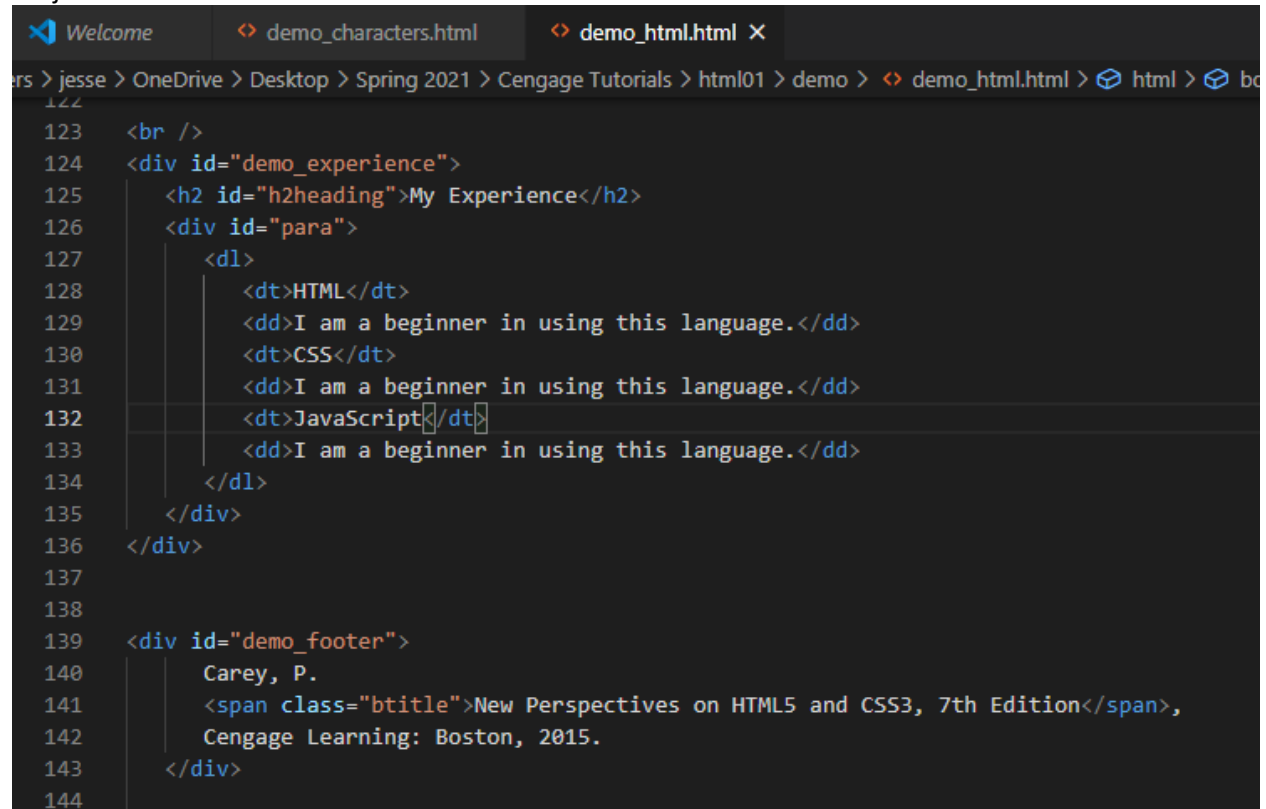

On this page, I did the following changes to **demo_characters.html**

- Add h1 tag to body with my full name
 - **<h1>Jesse Phea</h1>**
- Add 2 additional comments to the initial comment section in head
 - **Edited by: Jesse Phea**
 - **Edited date: 1/27/2021**
- Add name in title element
 - **<title>Jesse Phea's HTML Character Codes Demo</title>**

Project 1

```
123 <br />
124 <div id="demo_experience">
125   <h2 id="h2heading">My Experience</h2>
126   <div id="para">
127     <dl>
128       <dt>HTML</dt>
129       <dd>I am a beginner in using this language.</dd>
130       <dt>CSS</dt>
131       <dd>I am a beginner in using this language.</dd>
132       <dt>JavaScript</dt>
133       <dd>I am a beginner in using this language.</dd>
134     </dl>
135   </div>
136 </div>
137
138
139 <div id="demo_footer">
140   Carey, P.
141   <span class="btitle">New Perspectives on HTML5 and CSS3, 7th Edition</span>,
142   Cengage Learning: Boston, 2015.
143 </div>
144
```

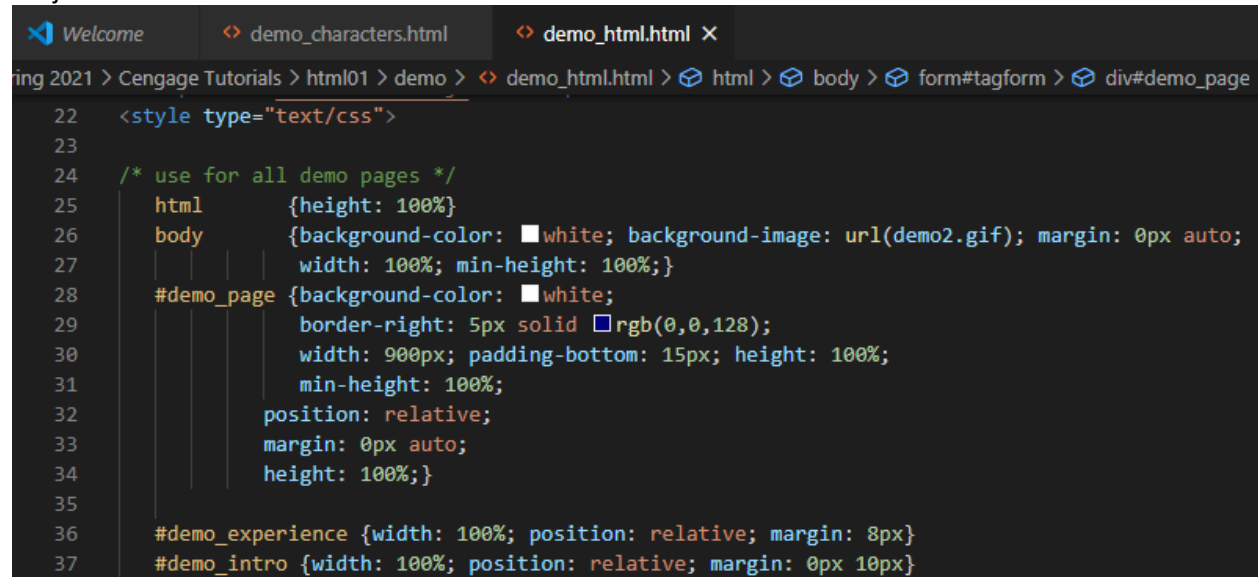

The added elements before id="demo_footer":

- Breakline element
- Description list element
- Div element
- H2 element with id

Project 1

The screenshot shows a code editor with two tabs: 'demo_characters.html' and 'demo_html.html'. The 'demo_html.html' tab is active, showing a CSS file. The breadcrumb navigation at the top indicates the file path: 'ing 2021 > Cengage Tutorials > html01 > demo > demo_html.html > html > body > form#tagform > div#demo_page'. The code is as follows:

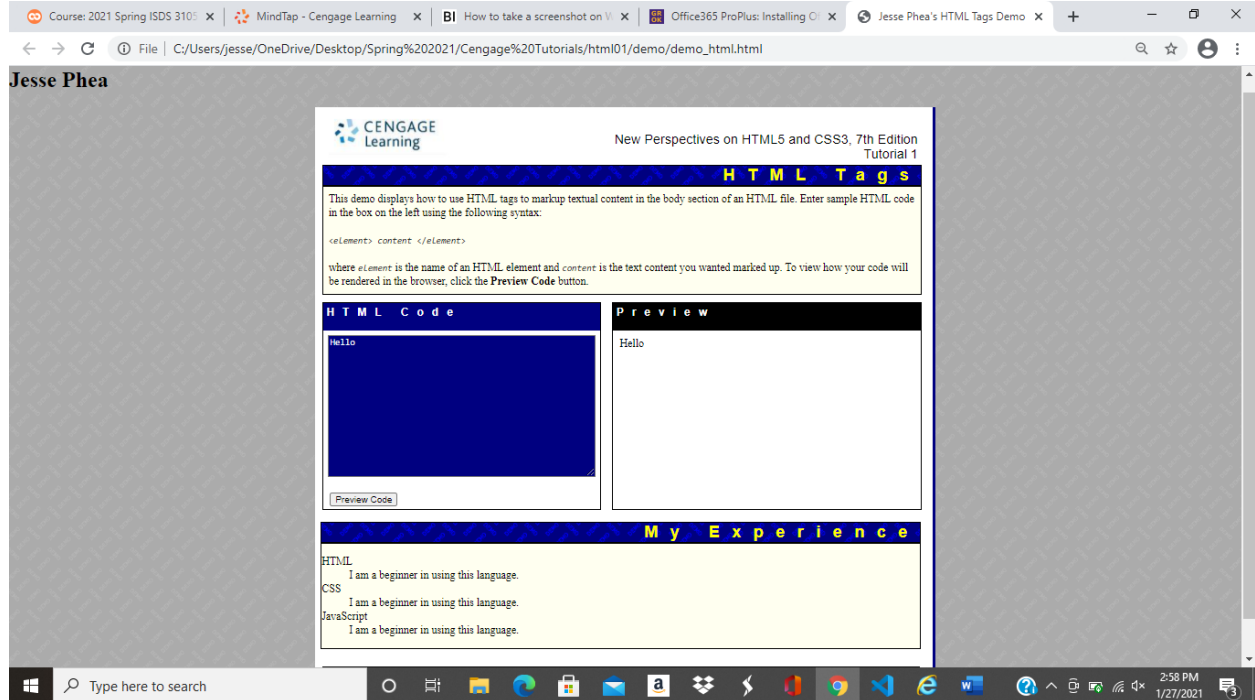

```
22 <style type="text/css">
23
24 /* use for all demo pages */
25 html {height: 100%}
26 body {background-color: white; background-image: url(demo2.gif); margin: 0px auto;
27       width: 100%; min-height: 100%;}
28 #demo_page {background-color: white;
29             border-right: 5px solid rgb(0,0,128);
30             width: 900px; padding-bottom: 15px; height: 100%;
31             min-height: 100%;
32             position: relative;
33             margin: 0px auto;
34             height: 100%;}
35
36 #demo_experience {width: 100%; position: relative; margin: 8px}
37 #demo_intro {width: 100%; position: relative; margin: 0px 10px}
```

Copying demo_intro code into demo_experience and setting margin to 8px
